

DIANA OTIENO *Medical Laboratory Technologist*

✉ akinyiotieno364@gmail.com

☎ +254751238234

📍 Kisumu, Kenya

♀ Female

Profile

As a young and highly motivated lady approaching the culmination of my university journey, I bring a deep understanding of medical laboratory processes, specializing in the pre-, analytical, and post-analytical phases. Eager to enter the field of medical laboratory science, my passion is rooted in contributing to the health system. I am on a mission to leverage my skills for effective solutions within the medical laboratory context, driven by the belief in dedicated work as a catalyst for elevating healthcare standards. Valuing hard work and resilience, I aim to transform health challenges into opportunities worldwide.

Skills

Specimen Collection ● ● ● ● ●

Proficient in the precise collection of diverse biological samples, adhering to strict protocols, ensuring patient care, and maintaining sample integrity.

Microscopy ● ● ● ● ●

Skilled in microscopy, showcasing meticulous attention to detail and precision in analyzing a variety of biological specimens.

Sample Analysis ● ● ● ● ●

Proficient in analyzing diverse samples using advanced laboratory techniques, ensuring accuracy and precision in diagnostic assessments.

Public relations ● ● ● ● ●

Outstanding public relations skills in medical laboratory science, facilitating effective communication and collaboration across healthcare professionals, patients, and laboratory teams.

Lab safety ● ● ● ● ●

Adheres to rigorous laboratory safety protocols, ensuring a secure working environment for both team members and the integrity of collected specimens.

Result reporting ● ● ● ● ●

Proficient in timely and accurate result reporting, employing effective communication to convey laboratory findings to healthcare professionals, and ensuring comprehensive patient care.

Professional Experience

2021/01 – present
Kisumu, Kenya

Intern-Biochemistry Department

Jaramogi Oginga Odinga Teaching and Referral Hospital

Conducted analysis and interpretation of biological samples for biochemical purposes

2021/01 – present
Kisumu, Kenya

Intern-Hematology Department

Jaramogi Oginga Odinga Teaching and Referral Hospital

Analyzed and processed blood samples while assisting in routine hematology tests and ensuring quality control procedures.

2022/05 – present
Kisumu, Kenya

Intern-Blood transfusion Department

Jaramogi Oginga Odinga Teaching and Referral Hospital

Performed donor screening, blood typing, cross-matching, and ensuring blood product safety for transfusions.

2022/09 – present
Kisumu, Kenya

Intern-Serology Department

Jaramogi Oginga Odinga Teaching and Referral Hospital

Performed serological testing procedures, result interpretation, and quality control measures to support accurate diagnostic outcomes.

2022/09 – present Kisumu, Kenya	inter-Histology <i>Jaramogi Oginga Odinga Teaching and Referral Hospital</i> Performed histological specimen preparation, microscopic analysis, and quality control processes, contributing to accurate pathological assessments.
2021/01 – present Kisumu, Kenya	Intern-Parasitology Department <i>Jaramogi Oginga Odinga Teaching and Referral Hospital</i> Examined and identified parasitic organisms, performed diagnostic tests, and contributed to the overall proficiency of parasitological analyses.
2022/01 – present Kisumu, Kenya	Intern-Phlebotomy Department <i>Jaramogi Oginga Odinga Teaching and Referral Hospital</i> Collected blood specimens collection skillfully, maintained patient comfort, and ensured accurate labeling for efficient laboratory processing.
2021/01 – present Kisumu, Kenya	intern-Microbiology Department <i>Jaramogi Oginga Odinga Teaching and Referral Hospital</i> Performed microbiological analyses, sample processing, and quality control procedures to contribute to accurate diagnostic outcomes.
2022/01 – present Kisumu, Kenya	Intern-Pediatrics Departments <i>Jaramogi Oginga Odinga Teaching and Referral Hospital.</i>  conducted diagnostic tests, and aided healthcare professionals in providing child-friendly medical services within a laboratory setting.

Education

2019/01 – present Kakamega, Kenya	Bachelor Degree of Medical Laboratory Sciences <i>Masinde Muliro University Of Science and Technology</i>  Currently in my final year .
